BOOk REVIEW

This book was a riot! The main characters are Captain Black Beak, First mate Beauty Baby, second mate Brave Bully and their sworn enemy, Captain Scratch. Black Beak is a classy and proper (as classy as a pirate can be) Jenday Conure who rules the widely respected Golden Wing Ship. Beauty Baby is a Dusky Conure that has a mild temper and is an excellent “swordshen.”

Brave Bully is a fearless and swift Jenday Conure that protects his fellow mates and is very loyal to his best friend Captain Black Beak of the Golden Wing Ship. Captain Scratch is a famous Cat Captain of the dreaded ship called the Red Claw.

Captain Scratch and his motley crew hides out in Litter Box Bay.

This book introduces animals as live characters. The setting is at sea. We meet a huge raptor who is referred to as Black Hawk. Black Hawk is portrayed as being intelligent but not well liked by parrots, although the hawk and parrot do seem to have a general respect for each other. We meet seagulls that are not considered to be highly intelligent but are useful message carriers between the cat villains and parrot pirates.

The cats are introduced as being villains and the reader can’t help but laugh out loud at some of the antics that go on between the parrot pirates and the cat pirates. Black Beak and the Silver Bell was enjoyable to read and stirred up a motivation to read all of the books in the Black Beak Pirate Saga ongoing series. I recommend this book to anyone that enjoys the antics of parrots.
