AFA, Inc. is a 501(c)3 nonprofit educational organization.
The American Federation of Aviculture, Inc. (AFA) is a nonprofit, 501(c)3 educational organization, established in 1974, whose purpose is to represent all aspects of aviculture and to educate the public about keeping and breeding birds in captivity.

AFA's primary goals are the education and dissemination of information related to aviculture among pet owners, hobbyists, avicultural societies, zoos, veterinarians, research institutions, the pet industry and government officials. In addition, AFA is concerned about the welfare and humane care of all birds and promotes the establishment of high standards of avian care both in the United States and abroad.

The AFA supports your rights to acquire, keep, breed and sell birds in a responsible manner. The organization monitors proposed laws and regulations at the state, federal and international level that affect your future as an aviculturist and the well being of birds.

The AFA is primarily a volunteer organization. Our efforts to ensure the future growth and development of aviculture are totally dependent upon people like YOU joining and supporting AFA. The AFA believes that aviculture is a valuable conservation tool and that the care and breeding of birds in captivity is an exciting and fulfilling endeavor. AFA offers many different services to its members because AFA has so many different types of members.
